

DME Providers: What Credentialing Path Are You On?

Internally manage your own credentialing process:

Complete Medicare applications, and compile all necessary background information.

Submit Application

Wait 45-90 days

Receive application back from Medicare, with errors marked or with requests for more information.

Resubmit application

Wait 30 days

Call Medicare to check on the status of your application.

Wait a total of 120-180 days

Receive assigned numbers and begin receiving payments.

Have Adamas manage your credentialing process:

Contact

Adamas

Supply Adamas with the information they request. Then sit back and relax as they **complete, submit, and monitor** all your applications for you.

Receive assigned numbers and begin receiving payments!
